Brush Up Your Inner Cowpoke

Real cowgirls and cowboys make sure their horses are properly cared for. Horses at Stepping Stone Farms **LOVE** to be groomed and pampered. Grooming is good for horses and it's relaxing for humans, too.

For a **\$25 donation** (per person) you can spend quality groundwork time with one of our wonderful horses learning proper horsemanship techniques including grooming their coat, understanding horse body language, telling them that they are “such a good horse,” and getting to know horses and yourself better. You'll learn simple techniques essential for appropriate **equine care** and horsemanship. Come alone or bring some family members or friends.
